Price Promise

Not only do we aim to provide you with the best products and the best customer service, we also aim to provide you with the best prices as well. If you see the same item for regular purchase elsewhere cheaper than on our site, please contact us by phone on 020 8463 9696, or email us hello@i-sells.co.uk. Let us know who and where provide a better price than us and how much and we will match or beat that price for you wherever possible.

Guarantee & Returns

Money Back Guarantee & Returns Policy

100% satisfaction guaranteed or your money back! If you are unhappy with any product purchase, you may return it within 60 days from purchase for a full refund. This applies to all our goods except non-stock or non reusable items such as chemicals, coatings, clearance items etc where the item has been opened, and to special order items (items built to order or not carried in stock). This is in addition to your statutory rights.

Goods must be returned in resaleable condition, complete with all contents and packaging. Most returns are FREEPOST eligible, for others you may need to arrange postage, full details are provided after you submit your return and obtain an RMA number.

How do I submit a return?

If you would like to submit a return for either a refund or a replacement, please follow these instructions: Start by signing into your i-sells.co.uk user account and navigate to "Orders List / Returns". Find the products you would like to return, follow the further instructions on the website.

Full return instructions can be found: www.i-sells.co.uk/returns-faq

Shipping

Delivery Schedule

We process your order right away for goods in stock. We will normally send your order to you in 2 to 4 business days. Where available, once goods have been despatched, tracking numbers will be emailed to the email address provided at time of order.

UK Mainland - In Stock Items

Packaging and Handling	Under £100	Over £100	Delivered in
Economy Signed For	£4.99	FREE	2 - 4 Days*
Standard	£4.99	FREE	2 - 4 Days*
Super Saver	£5.99	FREE	4 - 10 Days*
Next Working Day	£9.95	FREE	1 Day*

If order is placed before noon and all items are in stock, the order will be sent out the same day. We ship orders Monday to Friday.*

For information on deliveries to Northern Ireland, Scottish Highlands, offshore and international delivery charges, direct despatch and store collection logon to www.i-sells.co.uk or call 020 8463 9696.

Please note! Items that are over 1m in length like the 3m Spiral Ducting may have additional shipping costs!

Due to the size of these items, we aim to deliver these galvanised straight spiral ducts via local transport where applicable. Some orders may be subject to a delivery surcharge for out of city areas, long distances or if a small order (usually if order value is below £100+vat).

Prices listed in this guide are indicative and are subject to change at any time without notice.

What Our Customers Say

"This was my first time using you and it was a smooth and painless experience. You have followed up on after sales contact which not everyone does - This is to your credit."

S. McKenzie

"i-Wanted it, i-Asked them does it fit, i-Sells it said it would fit, i-sells it had it in stock, i-Bought, i-Sells it shipped it. I-Got it! Does exactly what i-Sells it said."

N. Houslip

Plastic Ducting Size / Dimensions Guide

Use the below table to pick the correct duct size for your project.

Scan the QR code for more details on ducting ranges and sizes.

Ducting System	Actual Dimensions (mm)	Space Dimensions (mm)
----------------	------------------------	-----------------------

For low power extraction rates. Up to 250m ³ /hour.		
System 100 Round	100	106
System 100 Rectangular	110 x 54	116 x 60

For medium extraction rates or in limited spaces. Up to 500m ³ /hour.		
System 125 Round	125	131
System 125 Rectangular	150 x 70	156 x 74

For high extraction rates up to 500m ³ /hour & above.		
System 150 Round	150	156
System 150 Rectangular	180 x 90	186 x 96
System 204 Rectangular	204 x 60	210 x 66
System 220 Rectangular	220 x 90	227 x 97

For a shallow space, such as ceiling voids or under floor, where high extraction rates are not needed:		
System 225 Rectangular	234 x 29	240 x 35
System 300 Round	308 x 29	314 x 35

What our Customers Say

“Having recently purchased from i-sells I have no hesitation in giving them 5 stars. From my initial telephone enquiry right up to the point of delivery I felt I was dealing with a professional company. Very polite and knowledgeable staff and well packaged delivery. Looking forward to my next purchase.”

...Dareem

“Excellent service from advice about which product to best fitting practise, item was delivered promptly as promised. Would highly recommend this company. 1st class !!”

...Nick

What is Safe Metal Ducting?

This is the product for those who desire a cost-effective duct system that will create a quieter, safer and cleaner environment. Safe installs up to 25% faster, reduces overall installation costs, comes with a 10 year warranty and is guaranteed to outperform the tightest standard SMACNA and ASHRAE address, Leakage Class 3.

Superior performance is achieved through the double-lipped gaskets that prevent leakage. All of its components are calibrated to the toughest tolerances and only high-grade sheet metal is utilized. Furthermore, mass productions and in-line quality control make safe the most economical duct system on the market.

Kair Kalahari ECO PIV Unit

Ventilate your home with the continuous running Kair Kalahari Eco loft controlled Positive Input ventilation or "PIV" unit. Fresh air is drawn into your home from the loft area through high-grade G4 filters and released at high level above the stairwell or hallway in bungalows.

A single unit not only allows you and your property to breathe cleaner air, but is also effective helping combat high humidity, condensation and black mould – making them a problem of the past.

NEW AND IMPROVED

Why Choose the Kair Kalahari?

- Condensation control from a single unit.
- Discrete ceiling mounted diffuser.
- Very low perceivable noise due to installation within loft cavity.
- Replaces stale moisture-laden air with dry, filtered air.
- 5 Year Warranty for peace of mind.

Features:

- Helps combat black mould & condensation dampness
- Innovative positive pressure technology
- Perfect for new build properties
- Whole house ventilation

Code	Name	Ex Vat	Inc Vat
Q552284	Standard Version	£264.99	£317.99
Q553936	400w Heater Version	£366.66	£439.99

Flatmaster Positive Pressure Units - For properties without lofts

The unit is designed to take fresh air from outside, clean the air, warm it (if fitted with heater) and discharge it into the central hallway via a system of ducting supplied by the installer. The dwelling internal air discharge grille is usually installed at high level in a central location within the hallway, although discharging the air down the length of the hallway (away from the front door) should also prove acceptable. PIV removes humidity from the air, preventing mould growth and controlling dust-mite allergens.

- Cures condensation dampness
- Improves indoor air quality
- Extremely low power consumption - as low as 5 watts.

Search: QS18856

Search: QS18858

There are two versions, Left and Right. The version you need, will depend on which side of the house/wall the unit can be fitted. Check the diagram on our website. The heater (Marked in red) should always be pointing to the inside of the house. Contact us to help you choose the right unit.

Kair Smart Fan Plus - 100mm Intelligent Extractor Fan with Humidistat Timer & Data Logger

Compact and aesthetically pleasing, this continuously running extractor fan has inbuilt energy and noise reduction technologies to limit cost and noise disturbance, all whilst continuously removing stale, moist old air from the property.

Why Choose the Kair Smart Fan?

- Quiet and aesthetically pleasing.
- Humidistat, Timer & Data Logger.
- Daily run monitor - Records overall usage time of fan.
- Ceiling, window or wall mounting available with additional components.
- Cost-effective due to low installation and maintenance costs, and energy-saving technology.

Why Choose the Kair Smart Fan?

Very few extractor fans on the market can be described as "Smart". The Kair Smart fan differs, it intelligently reacts to its environment, working almost autonomously because of its multiple sensors and the advanced technology associated with them.

UK'S LEADING SUPPLIER

★★★★★

Excellent service and follow up. Emailed a query on Sunday. Response first thing Monday and a follow up call that morning. They intervene when there was a delay from the supplier and regularly updated me throughout.
